Call for Participation

The Second Algerian Geoscience and Remote Sensing Summer School 2018
(2nd AGR3S 2018)
July 8-12, 2018

This participation form (with a CV) must be returned by e-mail (with extended abstract “1page” for PhD students with poster presentation)
Preamble:
Co-hosted by the Centre des Techniques Spatiales (CTS)/Agence Spatiale Algérienne (ASAL) and the IEEE Geoscience and Remote Sensing (GRSS) Algeria Chapter, the 2nd Algerian Geoscience and Remote Sensing Summer School (2\textsuperscript{nd} AGR3S 2018) will be held from 8 to 12 July 2018 (5 days), at the CTS in Arzew, Algeria.

During this school, the following topics will be considered: Algerian Earth Observation Program and its products and thematic applications, Pattern Recognition / Machine Learning / Deep Learning in Remote Sensing, Hyperspectral Remote Sensing, and Radar Remote Sensing.

Objectives:
The 2\textsuperscript{nd} AGR3S 2018 will offer an opportunity to highlight the Algerian Earth Observation Program (handled by the ASAL and its operational entities) and its products and thematic applications. Also, this school will offer a great occasion to gain an education, at the most Algerian research center in geoscience and remote sensing (GRS) fields, in a wide range of advanced GRS signal and image processing techniques and their applications.

Audience:
The target audience (30~40 participants) for this school is: students (PhD, under-graduate and graduate), engineers/researchers/teachers, and professionals attracted in GRS in both academic and industrial fields.

Registration fees:
The registration fees cover accommodation, documentation, coffee breaks and lunches.
