

IEEE GRSS Best PhD Thesis Award

The IEEE GRSS Algeria Chapter is organizing a contest to offer recognition to the best PhD thesis defended during 2017-2018 in Geoscience and Remote Sensing related fields by young Algerian students. The recognition will be a certificate delivered by the IEEE GRSS Chapter during the summer school AGR3S 2018 in CTS/Arzew which will have as a title “IEEE GRSS Algeria Chapter Best PhD Thesis Award”. Therefore, candidates are invited to submit their PhD manuscript along with an abstract of the PhD work (~4-5 pages either in English or French) detailing the context of the PhD work, main contributions and achievements. The award committee will be composed of members belonging to the GRSS Algeria Chapter. The best ranked students from Algeria, France, Benelux, Tunisia and Morocco will concur for the “IEEE GRSS Joint Chapter Best PhD Thesis Award”. The committee will award the best PhD based on the quality, novelty and contributions of the work. The award will consist in i) a certificate and ii) a financial support covering the registration fee to IGARSS 2018. The winner of the contest will receive the IEEE GRSS Best PhD Thesis Award at a social event at IGARSS 2018 such as the Young Professionals Luncheon. Finally, a special issue will be devoted to invited contributions from awarded participants to the contest based on their PhD thesis work.
