

10th Annual Asia-Pacific Power and Energy Engineering Conference

IEEE PES APPEEC 2018

Embracing Challenges for Power Engineering Sustainability

7-10 October 2018

Kota Kinabalu, Sabah, Malaysia

sites.ieee.org/appeec-2018/

This highly-regarded conference sponsored by IEEE's Power Energy Society aims to provide a premier platform for electrical engineers and researchers to present their works and to share experiences and ideas in power and energy engineering with experts and scholars from around the world.

IEEE PES Malaysia Chapter will host APPEEC 2018 from 7 – 10 October in Kota Kinabalu, Sabah, Malaysia.

Distinguished speaker will be invited to deliver keynote speeches and invited talks on emerging technologies in power and energy engineering. Attendees will have the opportunity to interface with experts from all related fields. Authors are invited to submit full papers describing original research. Areas of interest includes, but are not limited to the following tracks:

- * Asset Management
- * Electric and Hybrid Vehicles
- * Electrical Machines & Drives
- * High Voltage Engineering & Technology
- * Power Engineering Education
- * Power Quality, Protection and Electromagnetic Compatibility
- * Power System Analysis, Smart Grid & Utility Applications
- * Power System Planning, Operation & Control
- * Renewable & Sustainable Energy
- * Smart Grid & Utility Applications

All proceedings of the past IEEE PES APPEECs have been published in IEEE Xplore and the proceedings of APPEEC 2018 may be eligible for inclusion in the IEEE Xplore® once they meet the requirements of an IEEE quality review.
