IEEE ComSoc Bangalore Chapter

IEEE ComSoc Bangalore jointly with Samsung brings to you a Webinar on

Intellectual Property: How to Write your First Patent

Intellectual Property (IP) includes patents, trademarks, copyrights, industrial designs and other types of intangible property that are creations of the human mind. Inventing a new idea and protecting the idea as a patent is a milestone and a great achievement. Protecting an invention requires more effort than mere filing of an abbreviated description of the invention.

Learn from the patenting experts from Samsung IP Team and find your breakthrough in creating your first patent. Join this workshop to gain confidence in the process that goes behind writing a patent.

Webinar

25 Jul 2020
(Saturday)
10am –12:00pm
(Mark your calendar)
