

IEEE Robotics and Automation Society, Bangalore Chapter
Minutes of the meeting held on 18th July 2019

Venue: Hotel Airlines

Time: 6.30PM to 9.30PM

Present: Mr. Kousik Sankar, Mr. Srinivasa chary, Prof Nipun, Dr. Sudarshan, Dr. Shikha, Dr. Rangan

Absent: Dr. Krishnan

Following points were discussed during the meeting

1) IEEE-CE and IEEE RAS collaboration workshop in Mangalore was discussed. First thoughts were IEEE-CE will conduct the workshop based on their topics to which Robotics related to be added as the last part. Logistics, support needed by IEEE-CE with all needs to be understood.
Action: Kousik to connect RAS committee and take it forward.

2) In the earlier meeting we decided to conduct Basic Robotics workshop for IEEE RAS to support students across colleges.
Action: Rangan to plan and pursue this for the first one

3) Possibility of webinars from IEEE RAS is to be explored. This can be also looked at in collaboration with a few interested startup companies
Action: All

4) RAS - Student chapter in PESU (BSK campus) is planned to be formally inaugurated on Aug 24th. Trying to get academic and industry experts for delivering talks and a workshop which all students across colleges can attend
Action: Rangan with other RAS members at PES - Sudarshan, Shikha and Sethuram

From earlier meetings, the following pending tasks to be completed:

5) Student Chapter Execom members of RAS Student chapters in various colleges/universities are to be connected via Whatsapp to facilitate their direct communication
Action: Nippun to complete this

6) A roadmap is to be created for students on web including the resource reference links. This should help them to understand the available fundamental courses online and gradually advance to higher level courses
Action: Rangan/Sudarshan to ask students to work out the details

7) Include information about Robotic Companies / Startups for students on web; reference links to be provided. This should help them the students to understand the requirements, search for internship and connect with the industry.
Action: Nippun to take help from students to work out the details
