

IEEE CS BDC Winter Symposium 2021, IEEE Computer Society Bangladesh Chapter, 13-14 November, 2021

Title in 16 font size, bold: Not too long title – all fonts as Book Antiqua

Authors 12 font sizes and bold, comma-separated, add all authors after their APPROVALS by emails then add the authors properly.

Affiliation and emails – 12 fonts size and not-bold

Extended Abstract:

Extended abstract should be plain one-page writing with title and affiliation. It may contain few paragraphs that will address what challenge(s) you are exploring in this work, your goals/objectives (in 2/3 sentences), methods, research strategies, original ideas if anything, etc. You may use 1 (one) block diagram or flow-chart on a smaller scale for clarity. Discuss results and analyses concisely, mention the good points of the methods/results, and yet to solve issues based on your method/strategy. You may use a table or graph to demonstrate your results if it is required to add.

Research Area should be mentioned in 2/3 sentences. This and the following parts: font-size: 10, Book Antiqua, Single Spacing. Make PDF from MS Word file. Margin: Top/Bottom/Left/Right: 0.75". Ensure these 5 sub-sections to present your work: Research Area, Goals/Objectives, Methodology, Results and Analysis, and References strictly within 1 pages. Ensure an overview of the topic and research question, a justification for the importance of the research, a theoretical basis or framework No copyright will be taken, and no publication of this document to any ISBN/ISSN copy-righted document. So, you can freely share your already published materials (published after September 2020, not before) or you can publish this material in the future too. Do not use bullet-points to save space.

You can add 1~3 core references. If the work is based on any of your previously-published work, then make it as Ref.#1. If needed, you may have a separate reference section.
