CALL FOR PAPERS

FOR THE

SYMPOSIUM ON COMMUNICATIONS AND VEHICULAR TECHNOLOGY IN THE BENELUX

(in conjunction with the International Conference of Military Communication and Information Systems ICMCIS'2020)

May 12-13, 2020

Marinekazerne Amsterdam, Amsterdam, The Netherlands
http://sites.ieee.org/benelux-comvt/symposium
and
https://icmcis.eu/

The IEEE Symposium on Communications and Vehicular Technology will be held in conjunction with the International Conference on Military Communications and Information Systems. We would like to invite you to submit a contribution to the Communications and Vehicular Technology in the Benelux Track of ICMCIS 2020. This event will take place on **May 12-13 2020** in the **Marinekazerne Amsterdam**, Amsterdam, The Netherlands. The track is aimed at presenting and discussing the latest scientific and technical advances in communication systems and vehicular communication technology. The event will oral presentations of contributed full papers.

You are invited to submit full papers (up to 10 pages) for paper-less industry presentations or ongoing work presentations according to the deadlines given below. Accepted and presented papers will be included in IEEE Xplore and scheduled in lecture and poster sessions. Topics of interest include, but are not limited to:

Techniques and Technologies	Communication Systems and Networks
Robust transmitter and receiver designs	Ad-hoc and sensor networks
MIMO, multi-user detection & diversity	Cellular and wireless networks
Network robustness	Optical communication and networks
Reliability of wireless access and networking	Self-organizing networks
Network coding and physical Layer security	Personal and body area networks
Location aware applications	Very High Throughput Satellites
Energy harvesting	Massive M2M/IoT over satellite
Energy efficient localization	Vehicular communications
Communication theory	Cognitive and cooperative communications
Full duplex radios	Smart grid communications and control
Channel characterization and modeling	Next generation mobile, broadband and
Coding, modulation and synchronization	5G paradigm
Quality of service and quality of experience	
Routing protocols	

Important Dates

- February 29, 2020: Submission of full papers
- March 16, 2020: Notifications of acceptance
- April 10, 2020: Submission of the camera-ready copies
- May 12-13, 2020: Conference

Submission guidelines

The organizing committee invites contributions in the form of full papers of maximally 10 pages long. The template for the paper can be found at the following link:

https://icmcis.eu/wp-content/uploads/2020/01/conference-template-a4-ICMCIS.docx

The paper should be written in English. Examples of results, illustrations and references should be included. The first page should contain title, name(s) of author(s) with contact person identified, address, telephone, e-mail address and organization affiliation. The papers have to be electronically uploaded in pdf format via EDAS before February 29, 2020.
