
Short Report - GC'19 Cognitive Radio and AI-Enabled Networks (CRAEN) Symposium

Presentation at IEEE ICC 2019

- **Symposium Chairs:**

- Prof. Daniel Benevides da Costa (Lead), UFC, Brazil
- Prof. Faouzi Bader, Supélec, France

- **Number of Submissions:**

- 93 papers submitted. I expected more 😞

- **TPC Members and Review Process:**

- Around 270 members (mix from industry and academia).
- All the papers' assignments were concluded on 14th May (only four days after the deadline).
- Each TPC member received at most 3 papers for handling the review process.
- For each assigned paper, each TPC will be responsible to ensure only ONE review (either by him/herself or delegated to someone else).

- **Some Remarks:**
 - The authors of selected papers will be invited to submit an extended version of their works for fast-track review and possible publication in IEEE TCCN.
 - About half of the submissions are related to AI, DL, ML topics. Thus, it was definitely a good idea to 'update' the name of the symposium.
 - This action should also been taken to ICC venues. Then, we should hurry up and ask this change for ICC 2020.
