

e-Health Technical Committee Newsletter

April 2023

On behalf of the e-Health Technical Committee (TC) of the IEEE Communications Society (ComSoc), we wish all our members a very instructive reading of this letter.

Members of the e-Health community are invited to contact the author for further information or collaborations.

We also welcome all our members to share their research activities and field experiences through this open newsletter and to open up new opportunities for discussions and collaborations.

Editor: Dr. Nada Philip (Kingston University London, UK)

Table of Contents

- 1) Call for papers – IEEE Globecom 2023
 - 2) Call for papers – IEEE ICTS4eHealth 2023
 - 3) Call for papers - IEEE International Conference on E-health Networking, Application & Services 2023
 - 4) IEEE SA 2nd annual Telehealth Pitch Competition
 - 5) Call for abstract - IEEE YESIST12 2023
-

IEEE Global Communications Conference 2023

4-8 December 2023 // Kuala Lumpur, Malaysia

This flagship conference will feature a comprehensive high-quality technical program including 13 symposia and a variety of tutorials and workshops. The conference aims to bring together parties from around the world from prominent research, industry and government leaders, business and industry panels, and vendor exhibits.

CALL FOR PAPERS

Authors are cordially invited to submit their original papers in many area of communications and selected area of communications including e-health. The topics include but are not limited to the list via this link <https://globecom2023.ieee-globecom.org/authors/call-symposium-papers>

IMPORTANT DATES

Paper Submissions: 6th May 2023 (23:59 EDT)

Acceptance Notification: 25 July 2023

Accepted Author Registration: 1 September 2023

Camera-Ready: 1 September 2023

SUBMISSION GUIDELINES

Paper submissions shall be done via EDAS system using this [here](#)

IEEE International Conference on ICT Solution for eHealth – ICTS4eHealth

9 -12 July, 2023 in Tunis, Tunisia

The 3rd IEEE International Conference on ICT Solutions for eHealth runs in conjunction with the 28th IEEE Symposium on Computers and Communications (ISCC)

SUBMISSION GUIDELINES

Manuscripts should describe original work and should be no more than 7 pages in the IEEE double-column proceedings format, including tables, figures and references.

In order to download manuscript templates for IEEE conference proceedings use the following link: <https://www.ieee.org/conferences/publishing/templates.html>

Papers can be submitted directly to EDAS: <https://edas.info/N30831>

IEEE International Conference on E-health Networking, Application & Services

15–17 December 2023 // Chongqing, China

IEEE Healthcom aims at bringing together interested parties from around the world working in the healthcare field to exchange ideas, discuss innovative and emerging solutions, and develop collaborations.

The topics include but are not limited to:

- Signal/Data Processing and Computing for Health Systems
- Communications and Networking
- Medical, Biomedical & Health Communication Systems
- Devices
- Service & Applications
- Medical Studies

IMPORTANT DATES

Paper Submission: 15 July 2023

Notification of Acceptance: 30 September 2023

Final Manuscript (Camera Ready): 30 October 2023

SUBMISSION GUIDELINES

Paper submissions shall be done via EDAS system using this link: <https://healthcom2023.ieee-healthcom.org/authors/call-papers>

IEEE SA 2nd annual Telehealth Pitch Competition Bringing the Hospital to the Home

The 2nd Annual IEEE SA Telehealth Tech Pitch Competition is a global startup competition for innovators addressing challenges in the telehealth domain. The competition will connect innovators with a network of investors, corporations,

and mentors to help them raise capital, navigate healthcare market collaborations, and scale their world-changing startups. Further details on the competition is via this link: [IEEE SA 2023 Telehealth Tech Pitch for Good](#)

Competition Deadlines:

Online Submissions Close: 7 June 2023

IEEE YESIST12 2023

2-3 September, 2023 Alexandria, Egypt (Hybrid Mode)

YESIST12 is a unique event that brings together creative minds, innovators, and experts from various fields to share their knowledge and experiences on the latest technology trends. The upcoming edition of YESIST12 2023 is based on the theme "Preparing for the future : Sustainable Transformative Technologies" and have a total of 6 tracks namely: Innovation Challenge Track, Maker Fair Track, Junior Einstein Track, WePOWER Track, Special Track and IEngage Track. In previous editions, the event had more than 3000 participants from more than 30 countries.

Click here to know more about tracks and their themes : <https://ieeeyesist12.org/tracks/>

Our previous events were a huge success, and we couldn't have done it without your participation. This year's theme is "Smart Infrastructure and Safe Living " under which we have four topics in which you can submit your abstracts:

1. Smart Living
2. Smart Mobility
3. Safe Environment
4. Smart Health

YESIST12 includes prominent speakers and experts in the industry to share their insights and predictions on what the future holds for technology.

For more info about special track:
