

ITC Special Interest Group (SIG) on the Internet of Things
Editor: Neuman Souza

Here is a synthetic summary of major actions related to the SIG:

- preparation of a new Workshop proposal related with IoT in Globecom 2013;
- preparation of the IEEE International Workshop on Computational Intelligence for the Internet of Things;
- preparation of a new SI proposal on IoT to JSAC.
- Many relevant contributions to IEEE SENSORS 2012 and IEEE Sensors Journal Special Issue on Internet of Things: Architecture, Protocols and Services; a detailed review will be posted closely.
