- **The position that I am interested in:** MMTC Vice Chair – Europe

- Your brief bio and a link to your CV or homepage

Bio: Jialie Shen is currently a professor in computer vision and machine learning (Chair) with the Department of Computer Science, City, University of London, UK. His research interests spread across subareas in artificial intelligence (AI) and data science, including computer vision, machine learning, image/video analytics and information retrieval. His research results have expounded in more than 150 publications at prestigious journals and conferences, such as IEEE T-IP, T-CYB, T-MM, T-CSVT, T-CDS, ICDE, and ICDM with several awards. He has served for 100 major conferences including CVPR, ICCV, ECCV, IJCAI, AAAI, NIPS, ICDM, SIGKDD, WWW, MMM, ICMR, ICME, ACM SIGIR, and ACM Multimedia as chairs and senior PC/PC. He also serves as an Associate Editor and (or) a member for the editorial board of leading journals: IEEE Transactions on Circuits and Systems for Video Technology (IEEE T-CSVT), IEEE Transactions on Multimedia (IEEE T-MM), IEEE Transactions on Knowledge and Data Engineering (IEEE T-KDE) and others. He is Fellow of the RSA and senior member of IEEE.

- Your past involvement and contribution to the MMTC community

I have been an active member of the MMTC community for the past 15 years, during which I've had the privilege of contributing in various capacities that have both enriched my personal growth and benefited our collective community. One of my most significant contributions was serving as the panel chair for the IEEE ICME 2012. In this role, I oversaw a dedicated team of 5 reviewers, managing everything from technical review logistics to speaker engagements. Through our concerted efforts, the sections saw a good increase in attendance compared to previous years, and we received commendations from both attendees and speakers. In addition to event chairing, I have rich experience in being associate editors and reviewers for publications (e.g., IEEE Transactions on Multimedia) and conference under MMTC. These experiences have not only allowed me to sharpen my leadership, management, and planning skills but have also reinforced my commitment to the growth and vibrancy of the MMTC community. Moving forward, I am eager to continue contributing by exploring opportunities to expand our community outreach programs and enhance member engagement.
