

IEEE PES General Meeting 2016 Boston

Panel Session Announcement

Organizer:

Energy Development and Power Generation Committee

SC International Practices (IPSC) - WG European Electricity Infrastructure

WG Chairman: Prof. Dirk Westermann

Optimal Integration of Variable Renewable Generation into Power Systems – Grid Expansion vs. other Flexibility Options

Tuesday, July 19, 8:00 am – 12:00 am

Chairmen: Prof. Antje Orths, Prof. Krzysztof Rudion

Energy efficiency and smart cities

Tuesday, July 19, 1:00 pm – 4:00 pm

Chairmen: Prof. Johanna Myrzik, Prof. Mart van der Meijden

HVDC Grids – The European Perspective

Wednesday, July 20, 8:00 am – 12:00 am

Chairmen: Prof. Dirk Westermann / Prof. Antje Orths

Transmission system security for time now and future based on PMU measurement and model-based simulation

Wednesday, July 20, 1:00 pm – 5:00 pm

Chairmen: Prof. Rainer Krebs / Prof. Johann Jaeger

Ice-breaking projects in electric power system engineering

Thursday, July 21, 8:00 pm – 12:00 pm

Chairmen: Dr. Uros Kerin / Dr. Anne-Katrin Marten
