THE PREMIER HUMANITARIAN TECHNOLOGY INVOLVEMENT OPPORTUNITY OF THE YEAR

The 9th IEEE GHTC will be held in Seattle, Washington October 17 to October 20, 2019. GHTC 2019 is the IEEE’s flagship annual international conference for scientists, engineers, technology professionals, practitioners, academics, foundations, government and non-government organizations, and individuals engaged in humanitarian work. The intellectual capital and momentum produced at GHTC lead the way in promoting innovation and education in best practices in humanitarian technology, broadening impacts from local to global. This conference reaches hundreds of participants from around the world with a program of invited talks, technical sessions, tutorials, exhibits, networking, and social activities. Sharing and discussing practical technology enabled solutions for present and future humanitarian needs, underserved populations and resource constrained environments around the world, and the United Nations Sustainable Development Goals (UNSDG). The conference theme of “Technology for the Benefit of Humanity” includes these focus areas:

3. Clean Water & Sanitation (SDG6): Clean Water; Sanitation; Solid Waste Management; Disease Vector Control; Drainage and Hygiene.
5. Good Health and Well Being (SDG3): Medical technology, Telemedicine, Mobile Clinics, Primary Care and Nutrition.
6. Disaster Mitigation, Preparedness, Response & Recovery: Disaster Planning and Preparedness; Predictive, Warning and Response Systems; Community Mobilization; Monitoring and Evaluation of Community Response.
7. Quality Education (SDG4): Training and Capacity Building; Programs; Methods and Service Learning.
8. Other Related United Nations Sustainable Development Goals (e.g. SDGs 9, 11, 12, 14): Humanitarian Challenges & Opportunities; Infrastructure, Information, and Human Security; Shelters; Community engagement, Capacity-building, and Behavior Change; Metrics and measurement; Entrepreneurship and Business Models; Technology Design, Adoption and Dissemination; Human-Centered System Design; Ocean Health and Climate Change Mitigation.

Involvement in the conference can provide for education in humanitarian technology and demonstrates support for the development of new and innovative technologies related to this vital mission. Speakers influence humanitarian work globally. Authors of the (IEEE Xplore) conference proceeding papers present not only to participants but add to the body of technical literature supporting the development of humanitarian technology.
