

IEEE/CIC International Conference on Communications in China

IEEE/CIC ICC 2018

16-18 August 2018, Beijing, China

Conference Website: <http://iccc2018.ieee-iccc.org/>

IEEE/CIC International Conference on Communications in China (ICCC 2018) will be held in Beijing, China, 16-18 August, 2018. This conference will feature world-class plenary speakers, major technical symposia, industry and academic panels, tutorials and workshops. The technical program chairs invite the submission of original papers to following symposia for presentation and publication in the conference proceedings. Accepted and presented papers will be submitted to IEEE Xplore. Best paper awards will be selected from accepted papers.

Symposium of Integrated Networks for Space, Terrestrial and Oceanic Information Systems of IEEE/CIC ICC 2018

The goal of the Integrated Networks for Space, Terrestrial and Oceanic Information Systems Symposium is to explore the latest research trends in the complex communication scenario, including the space, terrestrial, and oceanic information systems. This symposium aims to bring together academics and industry professionals working on the design and optimization of the integrated networks for space, terrestrial and oceanic scenarios, and provide a forum to present and discuss emerging ideas, progresses and trends in this challenging research field. This symposium invites original contributions in, but not limited to, the following areas:

- Challenge and problem analysis of integrated networks for space, terrestrial and oceanic communication
- Integrated networks design for space, terrestrial and oceanic communication
- Optimization for unmanned aerial vehicles (UAVs) communication network
- Satellite and space communication theory and technology
- Oceanic information and communication system design and application
- Routing algorithm optimization for Ad Hoc networks.
- Wideband communication for space, terrestrial and oceanic information systems
- Security and privacy issues and technology
- Testbeds, field tests, and measurements
- Millimeter-wave communication for mobile networks

Submission Guidelines

The submitted papers should be original, not published or currently under review for publications in any other journal or conference. All submissions must be formatted in

standard IEEE camera-ready format and must be written in English and be at most six (6) printed pages in length, including figures. Papers should be submitted through EDAS System.

Important dates:

Paper Submission Deadline: 20 April, 2018

Acceptance Notification: 1 June, 2018

Camera-Ready: 15 June, 2018

Symposium Co-Chairs

Shefeng Yan, Institute of Acoustics, Chinese Academy of Sciences, China
sfyan@mail.ioa.ac.cn

Fei Ji, South China University of Technology, China
eefeiji@scut.edu.cn

Zongchuang Liang, China Academy of Space Technology, China
richard_liang@263.com

Weixiao Meng, Harbin Institute of Technology, China
wxmeng@hit.edu.cn

Yi Qian, University of Nebraska-Lincoln, U.S.A.
