

IEEE International **Carnahan Conference** on Security Technology (ICCST)
DAS (Distributed Acoustic Sensor)
FIELD DEMONSTRATION

- What: Demonstrate border monitoring using buried fiber optic cable
- When: Thursday, October 27, 2016;
Leave from front of Rosen Plaza Hotel: 1:00 PM, return by 5:00 PM
- Where: Webster, FLA (50 minute drive)
- How: Transportation leaving front of Rosen Plaza Hotel 1:00 PM
- Why: See how buried fiber can be used to monitor events on a border.
- Who: Contact Jeff Odhner if interested: (603) 673-8651
so transportation can be arranged in advance
