

IEEE International Carnahan Conference on Security Technology
Abstract Submission Requirements
Abstract Due Date: 30 March 2018

This year the ICCST Technical Program Committee requires the submission of an enhanced content Abstract compared to that of previous years. Please follow the instructions below when preparing your Abstract submission to provide sufficient information for us to determine the acceptance of your submission. Submissions now include two parts together forming a complete abstract submission and are the foundation of your full paper if accepted.

Introductory Section - this provides a brief introduction to the topic and a high level summary of the main work and conclusions of the paper. It should be a maximum of 300 words in length and can form the Abstract section of your final paper submission.

Evaluation Section - the most essential part of your submission. It provides the Technical Program Committee with detail of the content of your work for evaluation of its acceptance to the conference. Inclusion of selected graphs, tables, formulations, diagrams, or images to explain the work within the page limitation is encouraged. It should be a maximum of two pages (not including the Introductory Section), and include the following information:

- A short introduction or background of the work (not the same as the Introductory Section).
- Summary of main thesis, data, experimental, and/or theoretical results.
- Summary of analysis and main findings and significance of the work in its field.

UPLOAD your combined abstract using the UPLOAD button on the EasyChair.org submission form.

Additional Information

- Abstracts submitted are to be in English, and include a Title, Keywords, Author Data, and a topic number. Topic numbers are listed on EasyChair.org, in the *Call for Papers*, and the ICCSST website.
- Author Data includes:
 - Primary author name, address, phone number and email address.
 - Names of additional authors, and authors' organization or affiliation (company, university or other).
 - Name of the presenting author.
- Abstracts are submitted only using the www.EasyChair.org website.
- Papers will be selected by the ICCST Executive and Technical Program Committee.
- Authors will be notified by **30 April 2018**.
- The full text of selected papers will be published in the conference proceedings (available at the conference) and indexed in the *IEEE Xplore Digital Library*. See ieeexplore.ieee.org for more information.
- A condition of final acceptance and publishing in the conference proceedings is paid registration. Authors are responsible for registration and travel expenses. Authors are eligible for a reduced registration fee.

****NEW FOR ICCST2018** – Awards for Best Papers will be made at this year's Conference. More details will be available soon under *Conference General Information* on the website.

Thank you for your support of the ICCST, and we look forward to greeting you in Montréal!
