See maps at the bottom of this document. Note that both US-23/ I-94 (south bearing) and M-14/I-96/M39 (north bearing) routes are virtually identical in time and distance.

Way 1 to highways: Drive East on Plymouth Road until you intercept US-23. At that point there are two entrances from which you may choose either the north or south route.

Way 2 to highways: You may be more familiar with the State Street entrance to I-94 but you will have to drive through Central Campus if you start from Pierpont.

Once you get within 1 miles of the Estate the roads are non-trivial. See detail map attachments .

10:45 -- 11:00 AM Nominal arrive at Fair Lane Estate. Park in the large lot on the east of the front door.
