

The IEEE EMBS International student conference (ISC) is an annual conference which brought students from all around the world together. ISC 2018 will be hosted in Jordan at Jordan University of Science and Technology from April 17, 2018 to April 19, 2018. The theme of this meeting is "Transcending the limits of Biomedical engineering to practical innovation". Consistent with this year theme, we have organized plenary keynotes from leading academic scientists, who will give forward looking visions on the Biomedical Engineering field. ISC 2018 will cover diverse topics of cutting-edge research and innovation in the area of Biomedical Engineering, nanotechnology, technology transfer and entrepreneurship. Further, the conference program will feature workshops, invited sessions, selected oral presentations, poster sessions, and sessions for clinicians and entrepreneurs. ISC 2018 is absolutely the best opportunity for student, academia, and industry to exchange information, innovation, and networking in the field of Biomedical Engineering.
