

IEEE Kingston Section Awards 2012

The IEEE Kingston Section is pleased to announce the following awards for the year 2012

I- IEEE Graduate Research Awards

This award is intended to recognize excellence in graduate research in two award categories:

- 1) Research Excellence Award – PhD
- 2) Research Excellence Award – MSc

Award Eligibility:

- Current member of the IEEE Kingston Section, or Current student member of the IEEE Kingston Section who are currently enrolled in a graduate program (MSc, M.A.Sc., or PhD), OR
- IEEE Members or IEEE student members who have graduated after June 1st, 2011 from either competing graduate categories (i.e. MSc/ PhD) in the Kingston Section.
- Thesis (M.Sc. or Ph.D.) which have won an award (1st, 2nd or 3rd) in previous years are not eligible for an award in this year. Course and project based M.Sc. degrees (are)/ (are not) eligible for an award.

How to apply:

Submit the following documents.

- 1) Curriculum Vitae including all publications with complete bibliographic information.
- 2) One page research summary in layman terms including its significance and potential impact.
- 3) One sample publication of most significant impact of your research.
- 4) Up to two letter(s) of support from faculty advisor(s) or external reviewers. Please disclose any past collaboration or relationships with external reviewers.

Review process:

- 1) MSc and PhD files will be reviewed separately
- 2) Each file will be assigned to at least two reviewers.
- 3) Adjudication will be based on the following criteria: impact, publication, and awards.

II-Outstanding Engineering Teaching Award

This award is intended to recognize an educator who has shared technical and professional abilities through teaching in industry, government, or in an institution of higher learning and in so doing has made an outstanding contribution to the profession.

How to apply:

Submit the following documents.

- 1) Curriculum Vitae including all publications with complete bibliographic information.
- 2) One page research summary a summary of the nominee's career, including years and positions, emphasizing contributions made to engineering education:
- 3) List the nominee's patents, proprietary designs, papers, technical presentations, etc. (You may also provide any additional information that supports the nominee's qualifications.)
- 4) Summary of recognition (s) the nominee has received through other honours

Review process:

- 1) Each file will be assigned to at least two reviewers.
- 2) Adjudication will be based on the following criteria: Significance of teaching contributions and impact of contributions in increasing knowledge in profession.

III- Outstanding Volunteer Award

This award is intended to recognize outstanding volunteering service and significant contributions to the advancement of the IEEE Kingston Section activities. Selection of the winner will be based on merit and number of initiated activities.

How to apply:

Submit the following documents.

- 1) Name, Affiliation, Telephone Number, Email Address:
- 2) List the activities contributed by the potential nominee
- 3) Summary of contributions that warrant this potential nomination (Maximum100 word)

Review process:

- 1) Each file will be assigned to at least two reviewers.
- 2) Adjudication will be based on the following criteria: Significance of activities and number of contributions.

General Instructions

All documents should be submitted electronically by May 18th 2012 to:

Dr. Abdalla Osman

IEEE Kingston Section Awards Chair

Department of Electrical and Computer Engineering

Royal Military College of Canada

Kingston, ON K7K 7B4

amosman@ucalgary.ca

Results will be announced at the IEEE Kingston section annual banquet in June. The winners will be invited to attend the dinner and receive their awards.
