IEEE-NCS, IAS/PES Presents

Tuesday, May 14, 2013, 5:30pm to 9:00pm, doors open at 5:00pm

Advancements in the Practice of Electrical Safety

Co-sponsored by ESPS Electrical Safety Program Solutions, Dupont and IEEE IAS

Abstract:

This session will highlight recent developments impacting further improvement in preventing occupational electrical injuries and fatalities. Topics include injury trends, electric shock, arc flash, potential changes to CSA Z462 and NFPA 70E, auditing tools and advanced safety management focused on prevention of fatality and life changing injuries.

For more details for the event or registration questions or concerns please contact the event coordinator David Roth at davidroth@siemens.com.

Alternately, contact Peter Rothwell at prothwell@igbtech.com.

Agenda:

Seminar Start Time: 6:25pm

Doors Open: 5:00pm

IEEE IAS CMD (Chapter and Membership Development) Workshop Start: 5:30pm

The Workshop will be hosted by Peter Magyar, IAS CMD Chair and Blake Lloyd, IAS President

All attendees of the Seminar are invited to attend the CMD Workshop. There is no cost and you do not have to be an IAS or IEEE member to attend. Coffee and refreshments hosted by the IEEE IAS.

Speaker: Lanny Floyd

Biography: Lanny Floyd has been with DuPont since 1973. For the past 30 years, his responsibilities have largely focused on electrical safety in the construction, operation and maintenance of DuPont facilities worldwide. He is currently Principal Consultant, Electrical Safety & Technology and is responsible for improving management systems, competency renewal, work practices, and the application of technologies critical to electrical safety performance in all DuPont operations; and the application of this knowledge and experience to electrical safety products DuPont brings to the marketplace. Active in IEEE for more than 25 years, he is currently Editor-in-Chief of *IEEE Industry Applications Magazine* and a member of the CSA Z462 technical committee. He is an IEEE Fellow, a professional member of American Society of Safety Engineers, a Certified Safety Professional, a Certified Maintenance & Reliability Professional, and a registered professional engineer in Delaware.

Online Registration

https://meetings.vtools.ieee.org/meeting_view/list_meeting/18291

Registration (Friday April 19, 7am to Tuesday May 7, 5pm):

IEEE Members: \$20
Non-IEEE members: \$30
IEEE Student Members: \$10
Non-IEEE Student: \$12.5
IEEE Life Member: Free

At the door registration:

IEEE Members: \$35
Non-IEEE members: \$45
IEEE Student Members: \$15
Non-IEEE Student: \$17.5
IEEE Life Member: Free

*****Please note: Online registration closes one week before the event*****
