IEEE Tech Night

Date / Time: Tuesday February 12, at 17:30
Location: U of A campus, Computing Science Centre, 3rd floor
Register at: bit.ly/ieeeNights

The IEEE Computers and Communication Chapter invites you to the February IEEE Tech Night. We will host engaging presentations by successful entrepreneurs over dinner.

Mack Male will speak about starting a company and challenges of making a business from a technology startup

Mack is a software developer, entrepreneur, and social media guy. He is the Software Engineering Manager for Questionmark Computing, a leading provider of testing and assessment technologies, and is the founder of Paramagnus Developments Inc. In 2009 Mack was named one of Edmonton's Top 40 Under 40 by Avenue Edmonton, and in 2010 he was named one of Alberta's Next 10 Most Influential People by Alberta Venture. Mack is currently a member of EEDC's ONEdmonton Leadership Forum and Downtown Vibrancy Task Force, the Edmonton Journal's Community Advisory Board, and numerous other boards and committees throughout the city.

Forrest Zeisler will speak about his startup experience at Jobber – selected as one of the top 15 startups in Canada

Forrest Zeisler graduated from the University of Alberta in 2008 with a Computer Engineering degree with Software Specialization. He has worked as Lead Developer at Plainpeak North America and CTO of Smibs, Inc., before co-founding Jobber, the leading cloud-based business management software for field service companies. In 2012 Jobber raised a seed round of investment funding from top name investors, and was named one of Canada's Top 15 Startup Companies by MetaBridge.
