Dear Director Janina Mazierska and President Donna Hudson:

We received a petition from Dr. Mohanraj Karunanithi to form the IEEE
Queensland Section Engineering in Medicine and Biology Society Chapter. The
petition is approved by the Executive Committee of the Section and has the
required amount of qualified signatures.

If you have questions or concerns, you may contact Dr. Mohanraj Karunanithi at
mohan.karunanithi@csiro.au.

Do we have your approval?

Best regards,

Hi Mohan,

I, Mark Griffin, IEEE number [redacted] petition to have an EMBS chapter formed under the umbrella of the Queensland Section, Australia. I am an EMBS member and I am in the Queensland Section.

Best Regards
Mark Griffin

I should also add that I have recently been invited to serve on the IEEE Technical Committee on Medical Imaging and Image Processing (under Andrew Laine, see <http://embs-tc-miip.org>). This may provide some additional leverage for forming the Queensland chapter of the EMBS, and I am very keen to get involved with the Queensland chapter should you be looking for additional volunteers.

Furthermore, right now I can't give you a fixed organisation that I work for. I was working at QUT until a couple of weeks ago, am currently taking a month out for medical reasons, will then spend three months working at Stanford University in the US, and when I return in August then I expect to be working at UQ. During my time overseas I will also be attending the EMBS conference in Vancouver and will be happy to provide you with additional Queensland support there should you find it beneficial.

Mark
