

IEEE Richland Section - We have about 600 member -25 board members

Chapters include: PES - Sensors - NPS - Computer

Infinity Groups: WIE – YP

2 Active Student Branches – WSU and Walla Walla

We very actively support our WSU student Branch - by having joint meetings on campus, and send student to both the Rising Star and the Leadership conference.

As a Section we have a different technical meetings going on continually through the year - We have an ExCom meeting once a month, a summer Section Barbeque, and a Holiday Social event. We distributed IEEE volunteer messenger bags to our board members and student leaders.

On the horizon is;

A PE review class, and a committee to establish scholarship fund raising.

We need to get a solid WEB page person!
