She developed a fanpage on Facebook to share information about IEEE Day events taking place in Brazil and motivating people to create events. Moreover, she was webmaster of IEEE UnB student branch and was awarded 3rd place at the 2017 R9 Website Contest.</p>
---	---

	<p>Pamella is a motivated experienced IEEE volunteer who is always available to share knowledge about IEEE procedures. In that regard, she has contributed in many ways to students branches in her section and in Brazil by creating tutorials in Portuguese about e-mail accounts, website request, membership subscription and funding request.</p>
Accomplishment 1 (350 words)	<p>As 2016-2017 chair of the IEEE UnB student branch, Pamella created the “Shameless - Oratory Workshop” to help students to talk in public. Besides, she have organized the directive body of the student branch, started a task force to document the branch activities, and created tutorials, like vTools, website, and student branch petition to help other student branches in Brazil. As a branch leader, Pamella created the “IEEE UnB Student Branch Exemplary Group Contest” that recognized the outstanding student chapter or affinity group within UnB based in their activities and organizational aspects. In addition, She is co-creator of the IEEE UnB Week, an event that engages student branch, student chapters and affinity groups from UnB to share IEEE culture on campus.</p>
Accomplishment 2 (350 words)	<p>In addition, Pamella has motivated and supported the foundation of seven student chapters at UnB: Education Society (ED), Computer Society (CS), Power and Energy Society (PES), Communications Society (ComSoc), Control Systems Society (CSS), Circuits and Systems Society (CAS), and Society on Social Implications of Technologies (SSIT). From those, Pamella was directly involved with the foundation of the ED, PES and SSIT student chapters, being the first chair of SD and SSIT, and actively contributing to PES activities. With ED chapter, Pamella was awarded 1st place in 2016 IEEE Brazilian Success Cases on Sustainability and Social Responsibility due to the Electron project which use educational kits to teach electronic basics in public schools. At the PES chapter, Pamella has contributed to its activities and 2016 annual report which lead the chapter to be internationally recognized with the seventh place at the High Performing Student Branch Chapter Program from PES. With SSIT chapter, Pamella structured the chapter organogram, created projects and social campaigns based on the sustainable development goals of United Nations. As a result, the chapter had huge accomplishments winning 5 prizes on its first year of foundation.</p>
Accomplishment 3 (350 words)	<p>The organizational structure of the UnB student branch is certainly a legacy left by Pamella. She is a very organized leader and is always finding ways to better manage her team. As such, Pamella proposed a presidential committee for UnB which is formed by the chair of the UnB student branch and the chairs of UnB student chapters and affinity groups. The goal of the presidential committee is to promote synergy among activities of the IEEE bodies and increase</p>

IEEE membership at UnB. With this administrative organization the number of projects within chapters increased as well as the number of volunteers. IEEE membership had increased in 47% and the number of volunteers increased 100% in comparison to April of 2016.
