

How to Establish an IEEE Student Branch in 3 Simple Steps?

1. Read all about student branches.

o Check the IEEE website.

To know about everything related to students: <https://www.ieee.org/membership/students/index.html>

o Download "All you need to know about student branch establishment" document from <https://site.ieee.org/saudi-arabia/student-chapters>

2. Gather a minimum number of 12 interested students and 3 faculty members.

o Students and Faculty Members should have IEEE Memberships.

To join : https://www.ieee.org/membership/join/index.html?WT.mc_id=hc_join

o Faculty Members and students should be teaching / studying one of IEEE designated fields of Interest. To know all designated fields: <https://www.ieee.org/membership/qualifications.html>

3. Complete all requirements and fill in the petition requested by IEEE.

o Requirements and petition access link can be found here: <https://mga.ieee.org/resources-operations/formations-petitions#student>

o Submit the requirements and wait for the acceptance email from IEEE!

o If you have any questions regarding the petition, please contact: petition@ieee.org
