

WIE ISI IS IN DA HOUSE : She Impact 1st edition :

She Impact 1st edition was held on April 22nd 2017 , took place at the Ceremonial Amphitheater of the Private Higher School of Applied Science of Management (SESAME), organized by IEEE WIE, (Institute of Electrical and Electronics Engineers Women In Engineering), an affinity group among the IEEE ISI's Student branch (Higher Institute of Computer Science).

The idea was born within plenty of brainstorming reunions between the WIE's members:

Through ages Women shined in: every position she took, every state or kingdom she ruled, every house she was born in... Her impact always strikes the World no matter what..

Today, the privileged and valued status of Tunisian women in the Arab and Muslim world is mainly the work of an intellectual elite of women who have successfully made progress in different fields by occupying key positions and leadership within the renowned companies.

So this event was held at the 1st place to honor our successful Ladies who excelled in each and every field they stepped in.

This special event allowed us to take an essential time out and meet inspiring and exceptional women who are all leaders in their fields.

We brought them together all in one day to learn from their experiences through a lot of willpower and originality, to celebrate their victories and to take advantages from their failures and experiences

Their stories opened up new horizons for their audience, which has brought together students, young professionals, teachers, professors and even housewives who were inspired by them.

The main purpose of the event was to send a message to each and every one either he/she were present with among us that day ; heard echos about us or even watched the live videos on our fb page : IEEE ISI Women in Engineering (https://www.facebook.com/IEEE-ISI-Women-In-Engineering-1521817467848944/?ref=br_rs) :

Never give up , it's never too late , dreams were made to be achieved , dream big and work hard , be you , be ambitious , everything will come to light one day if you believe hard enough.

The day was opened by a warm-hearting speech from two of our members: Balti Samar & Hajeji Ghada.

After that they passed the word to Mrs Nihel BEN YOUSSEF, a professor at the Higher Institute of Computer Science (ISI) whose kindly welcomed our guests and gave them a motivational speech.

Our key speakers, one by one gave an inspirational speech about their dreams, theirs success stories , the people they met , good and/or bad, the misfortune events and the challenges they faced on each step of the way , so from this platform we would like to express for them our sincere thanks for their valuable contributions during our event:

Our leading ladies were:

Nahla Nasfi: Dreamer, Risk Taker and Trainer at MINDSHIFT, Nahl'AGRI Manager

Arwa Guesmi: Senior Electrical & Instrumentation Engineer, Communication Manager WoLTech, Techwomen Alumnae, SHE Contractors Alumnae

Safa Boughattas: Sales Manager at Louisa Bracq

Yosr Melliti: Media Director at Carat Tunisie

Cyrine Ben Saad: Production manager at IFM radio

The end of the day was closed by what we love to call “Mama Dalila’s Vibe’s” : the closing was held by Dalila Ghariani: Independent Professional Training & Coaching Professional who filled the amphitheater by positive energy , lots of laughter and even some energetic tears.

The day included 2 coffee breaks and 2 music breaks.

The amphitheater was incredibly decorated and filled by positive vibes.

Each and every one of our inspirational ladies received a red rose as a symbolic gift of how their perfumes reached each and every one in the room.

So we would also like to sincerely thank our sponsors and partners whom without couldn’t reach out that level of success:

- SESAME: for the Amphitheater

- Tunivisions: for being our golden media partner.

- Carlos Photography: for being our photographer through the whole day and deliver to us high quality’s pictures.

- Grandioso: for sponsoring our coffee breaks

-Sami Fleurs: for the roses.

- ORIFLAME:

- ISI

- IEEE ISI Student Branch

Deeply and highly honored by the presence of their unique guests, WIE ISI Student Branch’s members would like to thank each and everyone who contributed to the success of SHE IMPACT event’s at his 1st national edition.
