Website: <https://www.straitstimes.com/business/going-digital-with-abbs-innovation-centre>

MRT Station: One North MRT Station (about 700 metres walking distance to ABB)

Registration: <https://forms.gle/zBLPW2L64Jj3M3jL9>

IEEE PES (Singapore Chapter) and The Institution of Engineering and Technology (Singapore Network) is jointly organising a technical tour to ABB Digital Solutions Centre on 26th April 2019.

Newly set up in October 2018, the Digital Solutions Centre is ABB’s latest development in Singapore. It showcases ABB’s concept of an open integrated industrial digital platform with applications, data analytics and connected services across customers’ fleet of automation systems. It aims to drive innovation and bring pioneering solutions to its customers worldwide. Focused on fast-paced, agile development for direct implementation in customer projects, the centre uses a mix of ABB’s own technology and new developments in research and development.

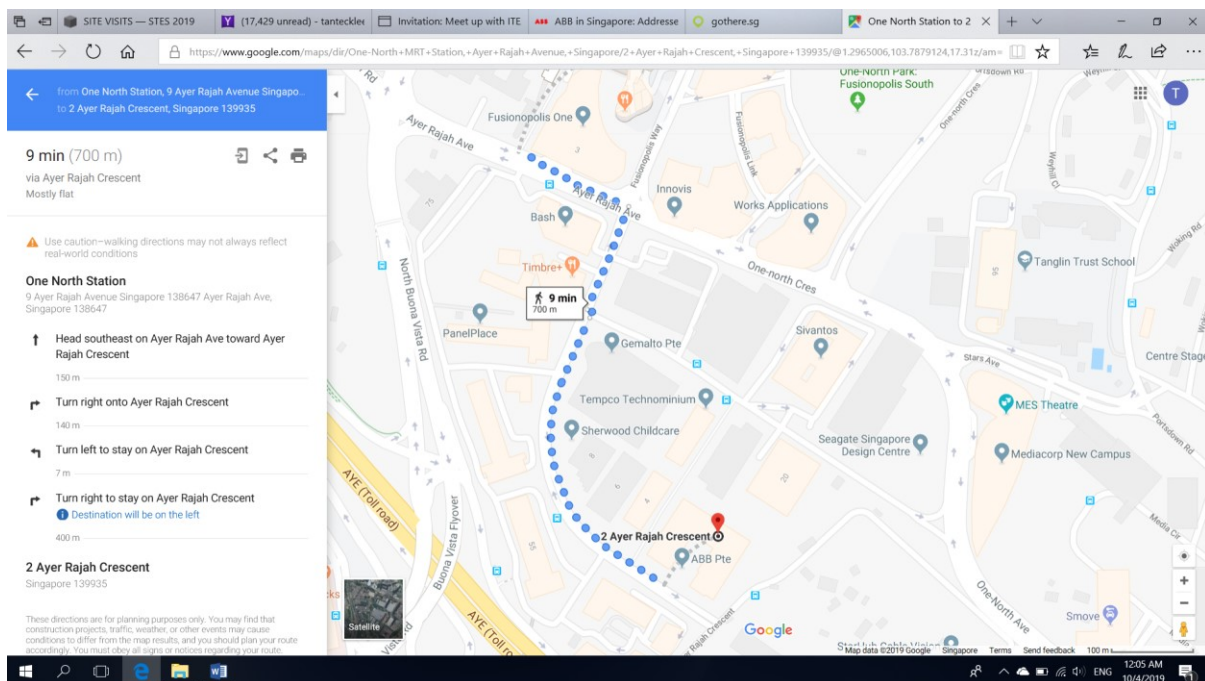

Powered by digital innovation, ABB’s technologies complement Singapore’s Smart Nation vision from advanced manufacturing to urban infrastructure to sustainable mobility and beyond.

ABB is a pioneering technology leader in power grids, electrification products, industrial automation and robotics and motion, industrial automation and power grids, serving customers in utilities, industry and transport & infrastructure globally.

The programme is as follows:

- 1.30pm: Registration
- 2.00pm: Welcome and Introduction
- 2.30pm: Tour of Digital Solutions Centre
- 4.00pm: Light Refreshment
- 4.30pm: Discussion
- 5.00pm: End of Programme.
