IEEE PES Family Day 2023

with Eco-Sustainability Tour at Singapore Discovery Centre

IEEE Power and Energy Society (PES) Singapore Chapter invites members and their families to join us for a family day at **Singapore Discovery Centre** at **510 Upper Jurong Road** on **9 September 2023 (Saturday)** at **10.30am**.

Participants will be guided on an **Eco Sustainability Tour** to enjoy a fully sensorial eco tour around Singapore Discovery Centre and learn about the solar panel installation and the herbs and greens at the urban garden.

After the outdoor tour, relax and network with family and friends at the **Bottle Tree Café** Restaurant through a buffet lunch.

After lunch, step into an immersive journey from past to present at the **Permanent Exhibits Gallery** where we will journey through time to experience the evolution of Singapore from our early days under the rule of the Malay Kingdom to the bustling metropolis that we are today.

Members can then continue their own exploration in the permanent exhibits gallery or hop onto the **SAFTI MI bus** for an exclusive tour around the 88-hectare training ground for officers-to-be.

IEEE PES Family Day 2023 is free for IEEE PES Members, and each member can bring one guest (non-member). Alternatively, each member can bring their family members (no limit to number of pax) instead of a guest.

Registration:
