Signal Processing

Sweden Chapter

Saikat Chatterjee
sach@kth.se

Chair: Subhrakanti Dey (UU)
Vice-chair: Andreas Jakobsson (LU)
Secretary/Treasurer: Nazre Johansson Batool (Scania)

In 2017, we have so far arranged
One Distinguished Lecture along with
VR supported ACCESS Linnaeus Centre

Title: Inference and Learning over Large-Scale Social Networks

Speaker: Professor Georgios B. Giannakis,
ADC Chair in Wireless Telecommunications,
University of Minnesota, USA.

Date: Tuesday May 16, 2017, at 13:30

Location: Q2, Osquldas väg 10, KTH.

This had a live broadcast, and uploaded in YouTube.

To have more activity - some ideas

A Data Analytics Workshop in May 2018

- * Research centric

Swedish Signal and Information Processing workshop

- * Tutorials and poster presentation

- * Co-located with Swe-CTW

Industry seminars at KTH. Currently we are talking with Ericsson, Scania, SICS.

Short PhD courses at KTH and Lund U

2019 - 2020 ambitions: Arrange EUSIPCO in Stockholm
