

Nordic Education Chapter in collaboration with

Activities 2017-2018
Arnold Pears

STC Education and Nordic Chapter

Complement one another by

- A. Providing a link to the academic community**
- B. Establishing a platform for the Computer Society to co-sponsor educational activity**
- C. Platform for innovation and outreach to new members**
- D. We have engaged a number of new volunteers through this initiative**

Current actions

Current focus on

- Initiative to establish a structure for international recognition of educational excellence
- target demographic university teachers

Action to

- Inform practitioners on education through activities and projects.
- Focus on collaboration with ASEE and IEEE Ed Soc.
- New volunteers,
