*Advancing Technology
for Humanity*

IEEE Baltimore Section

WELCOME TO THE IEEE BALTIMORE SECTION All are Welcome!

The **IEEE Baltimore Section** is delighted to announce and host the inaugural IEEE Baltimore Technical Colloquium and Professional Development Conference on 2024 November 2, University of Maryland, Baltimore County.

"Innovating Tomorrow: Navigating Emerging Technologies with Strong Leadership Skills for Sustainable Success"

Irrespective of your IEEE membership status or location, we cordially invite you to actively engage in the enriching experience of an IEEE event and embrace the IEEE community.

This conference, structured into specialized tracks, will delve into areas with concentrations in Engineering in Medicine and Biology, Power and Energy, Power Electronics, Communications, Computing, among others. It will spotlight existing and emerging technologies such as Artificial Intelligence, Blockchain, Cybersecurity, Data Analytics, Advanced Wireless, Information Technology, Quantum Computing, Computational Medicine, Semiconductors, VLSI and more.

Moreover, a unique track will focus on enhancing "power skills," formerly known as "soft skills," which are essential in today's fast-paced professional landscape and hybrid workplace.

These skills, in conjunction with technical expertise, are pivotal for achieving professional success.

This inaugural conference serves as a collaborative platform for professionals, industry practitioners, young professionals, and students to partake in interactive sessions, networking, knowledge sharing, and career development opportunities. Attendees can gain valuable insights into industry trends, interact with distinguished figures from industry, academia, and government.

Call for Posters, Demos, and Presentations

Accepted participants have the opportunity to showcase their research or project through interactive poster displays in allocated sessions, engaging demonstrations and could potentially be chosen for presentation in the conference agenda.

Additionally, participants can earn **CEUs** (Continuing Education Units) and **PDHs** (Professional Development Hours) to augment their expertise and enhance their professional skills.

AT A GLANCE

A not-for-profit organization with over 460,000 members in more than 190 countries. More than 66 percent from outside the United States. More than 171,000 Student members.

Who we are

IEEE is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity. IEEE and its members inspire a global community through its highly cited publications, conferences, technology standards, and professional and educational activities.

IEEE is led by a diverse body of elected and appointed volunteer members. The operations structure includes boards for operational areas as well as bodies representing members in the 47 Societies and technical Councils and ten worldwide geographic Regions.

IEEE members are engineers, scientists, and allied professionals whose technical interests are rooted in electrical and computer sciences, engineering, and related disciplines.

The professional home for the engineering and technology community worldwide

1884-2024

Celebrate IEEE's 140th anniversary with "Inspiring Technology: 34 Breakthroughs" [eBook](#).

Explore the innumerable discoveries and groundbreaking inventions that helped build the world we live in.

- 344 **Sections** in ten geographic Regions worldwide
- 2,709 **Chapters** that unite local members with similar technical interests
- 3,635 **Student Branches** at colleges and universities in over 100 countries
- 4,194 **Student Branch Chapters** of IEEE technical Societies
- 639 affinity groups; IEEE affinity groups are non-technical sub-units of one or more Sections or a Council. The affinity group parent entities are the **IEEE-USA Consultants Network, Young Professionals (YP), Women in Engineering (WIE), and Life Members (LM)**

BECOME A SPONSOR OR EXHIBITOR

Please Support our
Conference!

Brand Visibility and Market Expansion

Showcase and demonstrate existing and newly-developed innovative products in a more personalized manner.

Attendees associate your presence and brand with the event, enhancing your reputation.

Community Involvement and Impact

Enhance attendee experience by increasing engagement levels.

Gain valuable insights into stakeholders' interests and preferences. Discover new collaborative opportunities or develop partnerships to create, test, and validate innovative ideas.

Direct Engagement and Networking Opportunities

Meet students and young professionals with aspiring talent.

Promote direct interaction with your target audience including job seekers, prospective customers, and individuals intrigued by your industry or offerings.

SPONSORSHIP PACKAGES

BALTIMORE SECTION
 ✉ baltimore-conf@ieee.org

BENEFITS 2024 First Baltimore Technical Colloquium & Professional Development Conference	EXHIBITOR & CAREER ONLY	BRONZE	SILVER	GOLD
Minimum Level of Support	\$350	\$500	\$1,000	\$2,000
Advertisement in Program Book (digital platform conference website)	Logo / Link to website	Quarter Page	Half Page	Full Page
Program Keynote Speaker or Keynote Panel (25/50 minutes)				1
Complimentary Full Conference Registration Passes		1	3	5
Complimentary Recruiter Passes (register separately to attend conference)	1	1	2	3
Plenary Room sponsorship including pull-up banner provided by Sponsor				
One Complimentary Exhibitor/Career Table with 1-2 chairs				
Access to Poster Sessions				
Listed as Sponsor on website and printed materials				
Welcome slide recognition and logo displayed on signs during the conference				
Conference bag inserts (Sponsor to provide promotional materials)
