

IEEE / IES 3001.9 Working Group
November 28, 2018
Meeting Meeting Notes (in red)

Attendees: Kim, Gary, Eric, Howard, Mike and Rick

Agenda / Meeting Notes:

1. Review Proposed Timing Schedule
2. Working Group Chair Reports
 - a. WG1 (Power Systems for Lighting) – Steve Townsend
WG1 had a meeting on November 5th. Focused on emergency and exit marking lighting.
Added emergency and exit marking to topic list.
 - b. WG2 (Industrial Lighting and Retrofit Opportunities) – Bill Busch

No meeting scheduled yet. Bill requests that all members of WG2 read RP-7 ASAP so a meeting can be scheduled.
 - c. WG3 (Lighting Control Strategies) - Cody Bargholz, Steve Townsend

No meeting scheduled yet.
 - d. WG5 (Campus Lighting Systems) -Michael Anthony

Need to lower expectations on airport lighting.
 - e. WG6 (Flicker and stroboscopic Considerations) -Howard Wolfman

No new update (still waiting for the IEEE 1789 standard to be published).
 - f. WG7 (Lighting Installation and Safety and Energy Codes (NEC, NFPA 101, IBC, ASHRAE 90.1 Applicable Codes in NA, SA,EU, etc.) - Michael O'Boyle

Meeting scheduled for December 5th.
 - g. WG9 (Commercial Lighting and Retrofit Opportunities) - Cody Bargholz

No update (Cody did not attend meeting).
 - h. WG11 (Power circuiting for exterior lighting applications) -Kim Molloy

Meeting held on November 2, 2018. Kim will send out topic assignments to the WG11.

Kim will try to schedule a meeting in December.
 - i. WG13 (Damp, wet location, etc.) - Cody Bargholz

No update (Cody did not attend meeting).
 - j. WG14 (Voltages and Frequencies in various parts of the world) - Steve Townsend

Have a fair amount of reference material. Looking at folding this information into WG1.

k. WG15 (Tunnel Lighting) - Kim Molloy

No meeting yet.

3. Review recommended chapter order that was developed at the May 6, 2018 meeting.
4. Round Table –
 - a. Mike Anthony would like to information on exterior lighting controls for individual luminaires. Steve will send him what is used at the GM Warren Technical Center.
 - b. Howard suggested that at least every second meeting we review the time schedule. He also suggested that we add the additional milestones leading up to essentially complete draft on 8/30/2019.
5. Next main committee meeting timing will be the second Week of January.
