

Dear Author,

it is a pleasure to inform you that your manuscript, has been accepted for publication as a REGULAR PAPER in the IEEE Transactions on Intelligent Transportation Systems.

Your paper will be published in IEEE Xplore edition and the print edition of the Transactions. If there are any final comments from the reviewers or the editor, they can be found at the bottom of this letter.

Please prepare and send your final manuscript at your earliest convenience to my Assistant Editor. After checking your material, we will forward your paper to IEEE headquarters, who will promptly work on your manuscript and send galley proofs to the contact author. You will then have 48 hours to make your corrections. After a few days from receiving your corrected proofs, IEEE will publish your paper on line on IEEE Xplore even before appearing in hardcopy.

IEEE Trans on ITS is using "rapid posting" to quickly disseminate our papers in the scientific community.

If you are going to send a CD, please send it to:

Be sure that you understand the rules governing over length page charges discussed in the Instructions for Authors which can be found on the Transactions website (there is a charge for each page exceeding 12 pages for regular papers).

If your paper includes color figures, you must decide now whether to print them in color or gray tone and communicate your decision while sending the final manuscript. If you choose color, there will be a charge (see <http://www.ewh.ieee.org/tc/its/trans.html> for more details). Even if you decide to print your paper in gray tone, it will be published electronically in color on IEEE Xplore if it includes color figures.

Upon submission, please send an email message to transits@ce.unipr.it indicating the paper ID number, title, and authors, and specifying your choice regarding using color, in case your paper has color figures.

Please send the abstract of your paper (plain ascii file) also to b.vanarem@utwente.nl for inclusion in the IEEE ITSC Newsletter.
