Ballot Dates

Close ballot on ?

14 Aug 2019 12:00 AM

Update

If necessary, and approved by the election committee, you can change the end date of the election. Click on **Manage** to make change.

For example, you can extend the end date if you would like to give your members more time to vote.

You can change the date that the election will close.

NOTE:

You cannot make the election end earlier than the current end date but you can **extend** the date the election will close.

Thank you!
